## Around The Rocks

It has certainly cooled down here at High Rocks from the summer. We have had many cool nights and warm days which has caused the first leaves to turn. It is looking more and more like fall everyday.

We have been very busy this fall with many school groups that have come up to experience outdoor education at High Rocks. We have had groups from Asheville to as far away as Tampa. It has been a very exciting time as well as a busy time.

It has been great to have so many campers from last year signed up for next summer and we are excited about our new High Rocks campers. We have already begun our travels on the road visiting with campers and their families. We will be on the road for the rest of October and part of November.

Hank and Townsend have just returned from a week in Algonquin Park, Canada. They spent the week hiking, canoeing, and relaxing with friends and family. They returned very relaxed and well rested ready to kick off the travel season.

Travis Herbert and Chris Curtin have joined the year round team and both are working hard on projects for next summer.

This time of year we are looking back fondly on the summer sessions that have just taken place and we are looking for new ideas to make next summer even better. Please let us know any suggestions or new ideas that you have for our program. We would love to hear from you.

## Camper News

We visited with **Jack Hinson** in Charlotte last weekend. He has been busy with school and just being Jack. Peter Williams came

by camp during hurricane Floyd for a brief visit. He has been spending a lot of time skateboarding in Mount Pleasant. We would love to hear from more of you about what you have been up to since you were at camp last. Please email us at the camp email address.

## New Trail Built By CT's

CT's Leland Grant and Jim Warren

Every summer the Counselor Trainee's here at High Rocks pick a project to work on everyday during the four week session. This year our CT's choose to build a trail to the recently accessible Dupont recreation area that borders our property. Brian McGuire, Craig Hay, Jim Warren and Leland Grant built the trail with some assistance from their counselor Brad Carter. The group headed out to the trail every afternoon with various tools and their goal of reaching Dupont. The CT's did an excellent job on the trail which will make a wonderful addition to the High Rocks trail system and open many new possibilities for trips for campers this summer.

## Staff News

News on the staff is a little slim. I guess everyone is busy with work and going to class. We do have some information on a few of our fellow counselors.

**Dan Greenwald** has been helping us this fall. He is heading to Yosemite for some climbing before the ski season starts.

Many staff have gotten on the staff message board. It is great to see so many staff keeping up the communication. If you have not been there, be sure to check it out. E-mail **Zoob** for the password. Or,

actually, **Katie Crawford** would be the best contact. She has been honored with the coveted "Champion of Responses Memorial Award" for following up on everyone's messages. Katie is enjoying her time in Clemson. Be sure to touch base on the message board with her.

News on an older staff member, **David Buie**. He is still at Hampden Sydney and is planning on the Medical School Application Scene. Speaking of which, **David Dasher** is in the midst of the Med. School Application process. Be sure to send him your wishes, it can be a grueling process to get all of the forms in the mail.

Congratulations to **Jim Fox** who is getting married at the end of this month. Jim will continue working for High Rocks and will reside in Cedar Mtn.

**Elise Kafsky** has taken a new job in Murphy, NC where she is leading trips for at-risk kids.

Please let us know what you are all up to this winter. We would love to here from you and be sure to stop by if you are in the area.
